

To ensure continuity of support to students and families to the greatest extent possible, the CSEs are shifting to a remote practice. Remote practice in the CSEs will provide an opportunity for students and families to remain connected and engaged with their evaluation and IEP process while participating from locations outside of the physical CSE offices from March 20, 2020 through April 17, 2020 as of now, due to COVID-19.

While the Committees on Special Education are temporarily closed you can get direct support from a Committee on Special Education staff member by emailing:
