

Charter schools that report daily attendance in ATS are advised that the attendance reporting functionality in ATS no longer meets the requirements for state attendance reporting as per the [guidance released by NYSED on December 1](#). For the 2020-2021 school year, the only way to report attendance data to NYSED in the required format is to submit through Eastern Suffolk BOCES. Charter schools are recommended to stop the submission of daily attendance in ATS for the 2020-2021 school year, as any attendance data submitted through ATS would need to be re-reported in the correct level of detail through Eastern Suffolk BOCES. Any attendance data submitted into ATS as of December 31 will be moved to Eastern Suffolk BOCES to serve as a starting point for the updated reporting. Attendance data submitted into ATS after December 31 will not be used.
